AEB female employees celebrate International Women's Day

Female employees of Arab Engineering Bureau (AEB); the leading local design and consultancy firm; celebrate March 8th – International Women's Day. This day which is commemorated at the United Nations, is rooted in the centuries-old struggle of women to participate in society on an equal footing with men.

Numbering only 29 in a company which employees over 500 staff, AEB women; who are architects, quantity surveyors, interior designers, engineers, marketing and operations experts; are making significant contribution to the construction market in Qatar.

"It is very important to us to acknowledge our female staff practicing in the field of business dominated by man, and highlight their importance to our company and our society" said AEB's Chief Executive Ibrahim Jaidah.
